

# Environmental and Water Resources Engineering Seminar Series Presents:

Thursday, August 29<sup>th</sup> 2024, 3:30-4:30 pm, ECJ 1.308

*Zoom Link: <https://utexas.zoom.us/j/98365720816>*

## **New Student Orientation**

**Melissa Pollard**

*Administrative Manager*

*Center for Water and the Environment (CWE)*

This presentation provides an overview of key topics relevant to student financial and employment matters, including making purchases, understanding tuition reduction benefits, and navigating employment checklists for both international and new students. Additionally, the presentation covers important considerations related to insurance.

## **EWRE Laboratory Safety**

**Jennifer Blossom**

*Laboratory Manager*

*Department of Civil, Architectural and Environmental Engineering*

We will review basic laboratory safety topics including personal protective equipment, hazards in the lab, and required trainings to work in a UT lab. All the tools to protect yourself, your labmates, and your research.
